## Circle Boys and Girls perform well at State Championship

Circle's Boys and Girls teams have returned from Ocala and the FHSAA State Championships. Circle's teams were the youngest Boys and the youngest Girls teams competing in the field, and both served notice that while the current teams are competitive, future teams will be even stronger as they mature.

Circle's Girls capped off a **great inaugural season** by finishing in **6<sup>th</sup> place** (the State series starts with 256 schools competing in each of the two Divisions) of the 16 team final tournament. **Abbey Carlson** (2016) made a big splash on the State scene as the 6<sup>th</sup> grader finished in 6<sup>th</sup> place individually. She was followed by **Sierra Brooks** (2016) with a 12<sup>th</sup> place finish and **Dree Fausnaugh** (2015) with a 25<sup>th</sup> place finish. In case you missed it that is **three middle school age students in the top 25** of the **State High School Championship**. Great job ladies on a Great Season and State Series! **Circle's Boys** team made its 5<sup>th</sup> straight appearance in the State Championship, as they attempted to defend their back to back State Championships. The team was met with many compliments by other schools and the FHSAA for even getting back to the State Championships with the amount of talent that had graduated the year before. The team had an **11<sup>th</sup> place finish**, as they learned what it takes to succeed at a Championship level. **Ryan Stovash** (2013) led the team with scores of 72 / 75 for a 12<sup>th</sup> place finish individually, and he was followed by **Hayden Squadrito** (2011) with scores of 75 / 76 for a 28<sup>th</sup> place finish. The boys' team surprised many by winning the District and Regional Championship, and earning the birth in the State Championship. The lessons learned will serve this young group well in the future.
